

Birchwood Camp Guest Packing List

What to Bring

This is not an all-inclusive list for all guests or seasons. However, it should help you plan for your time at Birchwood Camp. Check with your group leader to see if they have any additional suggestions.

Sleeping bag or bedding for a single bed

We recommend bringing a twin fitted sheet – our mattresses have waterproof covers on them that cause sleeping bags to slide around easily. The fitted sheet solves this!

A pillow

Pajamas

Shoes and/or Boots

Pack for the season! It's good to have 2 pairs of shoes with the often wet or snowy weather we get in Alaska. If your group is participating in the Challenge Course, make sure you have close toed shoes.

Lots of layers (in all seasons!)

Rain gear (in the summer)

Snow Gear (in the winter)

Towel

Washcloth

Insect repellent (in the summer)

Toiletries

Soap, toothpaste, tooth brush, hair brush, etc.

Flashlight

This is especially important in the winter. There are many exterior lights around Birchwood Camp, but not all areas of camp are fully lit.

First Aid Supplies

Make sure someone in your group brings first aid supplies. Birchwood Camp does not provide these for guest groups.

Other personal gear

Please remember that any valuables or personal items you bring to Birchwood Camp are your own responsibility. Cabins do not lock, so consider leaving valuables at home.

What to Leave at Home (Not Allowed at Birchwood!)

Alcohol or Drugs

Food /Snacks

Unless approved by your group leader. Birchwood Camp provides plentiful food service, including snacks. Food is not allowed in the sleeping cabins.

Weapons of any kind

Pets
